Avoid breathing vapor or mist. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. Remove contaminated clothing and wash before reuse. Do not eat, drink, or smoke when using this product. Use only in well ventilated areas.

Conditions for Safe Storage, Including any Incompatibilities

Keep container tightly closed when not in use. Store containers in a cool, dry location away from direct sunlight, heat, sparks and flames. Store away from incompatible materials (see Section 10, Stability and Reactivity). Open containers slowly on a stable surface. Storage areas should be made of fire resistant materials. Empty containers may contain residual amounts of this product; therefore, empty containers should be handled with care. Never store food, feed, or drinking water in containers that held this product.

SECTION 8 - EXPOSURE CONTROLS - PERSONAL PROTECTION

Engineering Controls

Provide adequate local exhaust ventilation to maintain worker exposure below exposure limits. Processing may form hazardous compounds, minimize workplace exposure concentrations.

Personal Protection Equipment

Eyes	Use approved safety goggles or safety glasses. If a splash hazard exists, splash goggles with a face shield may be needed.
Skin	Wear appropriate chemical resistant clothing, neoprene, butyl or natural rubber. Wash skin after contact.
Respiratory	Approved respirators should be worn when airborne concentrations are exceed occupation exposure limits. Ventilation system is recommended and should be non-sparking, grounded and separate from other exhaust ventilation systems.
General	When using do not eat, drink, or smoke. Wash contaminated clothing before re-use. These precautions are for room temperature handling. Use at elevated temperature or aerosol/spray applications may require added precautions.
